

**REMARKS**

By this amendment, claims 22, 24-25, and 27-33 have been amended. Claims 22, 24-25, 27-33, and 59-63 are pending in the application. Applicants reserve the right to pursue the original claims and other claims in this and other applications.

Claims 22, 24-25, and 27-33 have been amended in minor fashion and are now in condition for allowance.

Claims 22, 24-25, 27-33, and 59-63 stand rejected under 35 U.S.C. § 112, first paragraph, as failing to comply with the written description requirement. This rejection is respectfully traversed. Support for the limitation of "each storage node is doped to a first conductivity type" can be found in the specification at least at paragraph [0018], which recites a "storage type P node 220." Applicants respectfully request that the 35 U.S.C. § 112 rejection of these claims be withdrawn and the claims allowed.

In view of the above, Applicants believe the pending application is in condition for allowance.
